SECOND CALL FOR PAPERS

This is the Second Call for Papers for the Annual Meeting of the Rocky Mountain Section which will be held at Casper College on March 15, 16, 1985. The deadline for submission of papers is February 15, 1985 and they should be sent to:

Dr. Allan Skillman  
Program Chairman  
Casper College  
Casper, WY 82601

Because this meeting date is earlier than normal, all Section Members should mark their calendars now and prepare papers for submission a little sooner than in the past.

When you submit your paper, include an estimate of the time and include all audio-visual requirements that you will need.

STUDENT PAPERS --

We will continue our tradition of having student papers presented at the Annual Meeting. Everyone that has been involved with these students will testify that it has been a very valuable experience for the students and the advisors. Because the meeting is earlier this year, it is important that you identify prospective students now. You will have to encourage them and explain that this activity is important for their professional life, whether that professional life is academic or industrial. Student talks can be on research projects, problems they have solved, reports they have written or even summer employment; usually the student papers are as good or better than some of the professional papers. The students papers are always enjoyable. Make your institution look good; sponsor a student!!

SUMMER MEETING OF MAA --

The 1985 Summer Meeting of the MAA/AMS will be in Laramie from August 12 to August 15. This will be a great opportunity to easily attend the National Meeting.
