Dear Dean Skillman:

Is it definite that the regional MAA meeting will be at the end of March in Casper? I have already invited one speaker (Doris Schattschneider) who has refused due to a conflict, and before I try another speaker, I would like to verify the date.

I am going to the Eugene math meetings in August, and would like to have at least one more attempt underway before then (if the speaker will be in Eugene, I could then talk with that person). Hence, I would appreciate a prompt answer to this letter. A mailing sticker is enclosed.

Sincerely yours,

Dear Dave: I don't know if Skillman is in town,  
so if you can answer this, I'd appreciate it.
