Edgar H. Vaughn Building  
Dolciani Mathematical Center

December 13, 1984

Dear Section Officer:

We want to remind you that sections may display MAA publications at their meetings. All Section meeting participants are entitled to purchase MAA books at a 20% discount below both the member and list prices.

If you wish to display MAA publications at your meeting, please return the enclosed form in the self-addressed envelope provided marked to my attention. We will then send you samples for display of all of our most recent MAA publications, special order forms, price lists and fliers describing the new books. It will then be your responsibility to collect money for the books and send the orders to us. You may sell the "display" copies at the meeting if you wish. Simply indicate on that order that the sale was "cash and carry". We will see to it that all books ordered are sent out as soon as possible.

Please be sure to let us know as soon as possible if you want to display MAA publications at your meeting. Call me if you have any questions.

Sincerely,

Elaine Pedreira  
Publications Manager
