Dear Professor Kerns:

Ken Ross relayed to me your request that I speak at the Rocky Mountain Section meeting on April 27 and 28. I'd be happy to do this, although I don't have very extensive experience as a banquet speaker!

Sometime we should get in touch to talk about options for what you might like me to speak about. I would like to stimulate some discussion about the role of M.A.A., to help generate ideas concerning effective actions that the national organization can take to help its members and sections.

Sincerely,

Lynn Arthur Steen
