Dr. Allan Skillman
Dean of Arts & Sciences
Casper College
Casper, WY 82601

Dear Allan:

The purpose of this letter is to express the Section's appreciation to you, to Casper College, and in particular, to commend the efforts of Ms. Barbara Crews. Rarely have I worked with someone as well organized and as thoughtful as she has been.

As you know, the Rocky Mountain Section of the Mathematical Association of America consists of Wyoming, Colorado, Southern Montana and Western South Dakota. We normally have over 100 members at our Spring meeting. This year's March 15-16 meeting was one of the most successful and well organized in our history.

Barbara Crews kept me and the other officers well informed and we appreciate her willingness to "take charge" and attend to all of the necessary details. We could have had a disaster when the Casper Hilton changed the date, but Barbara kept us calm while she rearranged the schedule, contacted all of our invited speakers, helped them rearrange their schedules, and did so much more. She made the conference look easy!

Allan, please place this letter in Barbara's personnel file or wherever is the appropriate location. She did a superb job and should be recognized for it.

Most sincerely,

Dr. David Ballew
Secretary/Treasurer
RMS/MAA
