Dear Dave: My idea was to put an evaluation form like this with the registration packet of those who actually came to Casper, i.e., it would be distributed in Casper, not before the meeting. Rebekka

Dear Dean Skillman:

Attached is a copy of a page from the newsletter of the Kentucky section. Apparently they put an evaluation form in with the registration packet at their regional meetings. Sounds like a good idea for us. What do you think?

Below is a first draft of an evaluation form.

Sincerely,

Rebekka Struik
