Subject My Resignation as Secretary-Treasurer

I have accepted a position outside the Rocky Mountain Section starting next Fall and therefore must resign my position as Secretary-Treasurer of the Section. Therefore it is necessary for you to find someone to assume my position for the remaining one year of my three year term. I have attached a copy of the description of the position; I would be very happy to talk to anyone who might have questions about the position.

I will complete all duties of the office through the 1986 Annual Meeting, and I will complete all of the necessary reports due immediately after that meeting. I will do everything possible to ensure a complete and orderly transition.

I am grateful for your past support.
