Department of Mathematical Sciences

TO: Chairs and Department Heads  
Departments of Mathematics in the Rocky Mountain Section  
of the Mathematical Association of America

FROM: Frieda Holley, *Frieda Holley*  
Chair of the Rocky Mountain Section of the MAA  
Department of Mathematical Sciences, Box 38  
Metropolitan State College  
Denver, CO 80204

DATE: January 26, 1987

SUBJECTS: Panel Discussions and Other Information

- 1) The Annual Meeting of the Rocky Mountain Section of the Mathematical Association of America will be held April 24-25 in Pueblo, Colorado. The Executive Committee would like to schedule a couple of panel discussions. The topics we are considering are:

- a) Assessment of mathematics programs,
- b) Uses of the computer in the classroom,
- c) Articulation agreements and the transfer of math. credits,
- d) Mathematics as a general education requirement,
- e) Developmental and remedial mathematics.

Please indicate the panel discussion topics you would find most interesting.

Would you or any members of your department be willing to be a member of a panel? If so, please give their name(s) and the topic of interest.

---

- 2) Several officers believe that it would be worthwhile to compile a list of textbooks used by mathematics departments in the Rocky Mountain Section for undergraduate courses, especially lower division courses. If you have a list of the texts that you use, we would appreciate it if you would send me a copy.
- 3) Do you require that your students take a mathematics course as part of the general education requirement? \_\_\_\_\_ If so, please describe the requirement.

Thank you for your cooperation and assistance.
