Bill,

I received this bill for \$41.00 for the film. Yes, it was shown. Ruth Rebekka Struik asked for this film to be shown and sent for this film. She caused it to be delivered to us. I had it shown at her request. She liked it. But \$41.00 worth? I sent her the bill. I'll bet she thinks we should pay for her enjoyment. She may not get the bill until later this week. I mailed the film back to Wards yesterday.

Enclosed find (1) a check from Addison-Wesley for \$50.00 in support of the meeting, (2) a personal check from me for \$861.94 - this represents the cash I had from the registrations at the door, (3) copies of the liquer bill for the Wine and Cheese party - I paid the bill from my checking account. That bill should be \$52.56. The one unopened bottle was returned for credit.
