Re: Banner Carriers for the Opening Ceremony at the Columbus Meeting

Awhile back I contacted your section about naming someone to carry your section banner at the opening ceremonies at the 75th Anniversary meeting in Columbus, Ohio, in August 1990. As yet I have not heard from your section. This is just a reminder.

Would you please contact the members of the Executive Committee of your section and get them to name a representative for Columbus? I really need to pin down information for Columbus quite soon in order to have information for the programs and such. Could you get the information to me by the end of January?

Many thanks.
