FEATURED SPEAKER

The featured speaker will be Professor Deborah Tepper Haimo, MAA President Elect. Professor Haimo teaches at the University of Missouri at St. Louis. She has served the MAA on the Board of Governors, as First Vice-President, on many committees and as an associate editor of the MONTHLY. Her mathematical interests lie in generalizations of the heat equation and she has over 40 publications in this area. She is active in applied mathematics, being a SIAM member and has served as an associate editor for SIAM's Journal On Mathematical Analysis.

STUDENT PAPERS

We will continue our tradition of having student papers presented at the Annual Meeting. Student talks can be on research projects, problems they have solved, reports they have written or even summer employment. We encourage students at your institution to present a paper at the Annual Meeting. It is our understanding that the National Headquarters will award MAA memberships to student presenters.
