4. What Public Awareness Activities has the Section performed (or plans to perform)?  
(e.g. Any special efforts during Mathematics Awareness Week?)

no

5. How many student chapters are there in the Section? 6

6. What kind of activities does the Section provide for student chapters?

none

7. The September issue of FOCUS is designated as "FOCUS on Sections" and will contain at least one or two paragraphs about the activities of each Section. For example, see last September's issue. What would you like to see highlighted in the paragraph(s) about your Section and its activities?

8. National Program Committees and the Program Committees of other Sections are always looking for good speakers and topics. We would like to provide a list of the best Section presentations to both groups. Who was the best speaker in your Section this year, and what was the topic?

*I cannot make that decision.*

9. The Committee on Sections is charged with providing aid, leadership, and other forms of help to the Sections. What can we do to help you? What services would you like to see us provide?

*What I would really like is some emphasis on involving the PhD schools in the section. I don't see how to achieve this, but I am working on it and have some ideas.*
