SUBJ: Polya Lectureship

Your Section is eligible for a Polya Lecturer during the 1994-1995 academic year.

The two Polya Lecturers available are Carl Pomerance, University of Georgia and Robert Osserman, Stanford University. Information about each of the lecturers is attached.

Enclosed is a Polya Lecturer Request Form. Please fill out the form and return it to me by April 30, 1994.

In the year a Section is eligible for the Polya Lecturers, a Section may also choose a speaker from the list of National Officers. An updated list will be sent to Section Chairs and Secretaries.

Please feel free to contact me for scheduling, or with any questions or concerns.
