NOMINATING COMMITTEE REPORT

The Nominating Committee has completed its work for the two elections to be held at the upcoming April Business Meeting. The candidates are:

Chair Elect:

- Darel W. Hardy, Colorado State University
- Karen L. Whitehead, South Dakota School of Mining Technology

Vice Chair:

- William H. Manzer, Western Wyoming Community College
- Charles R. Smith, Red Rocks Community College

Thanks to Nominating Committee Chair Cliff Britton, Mesa State College, and committee members Gail Gliner, Metropolitan State College of Denver, and Janet Burgoyne, South Dakota School of Mining Technology, for putting together a fine slate of candidates. The election will take place at the MAA Business Meeting Saturday morning.

PROGRAM ADDITIONS: SPRING MEETING

There will be a Department Representatives Meeting on Friday, April 21, following the Polya Lecture, as well as a Dutch Treat Breakfast for Department Representatives on Saturday morning. Reps are currently being appointed by Tino Mendez, Section Governor. Please contact Tino at mendezc@mscd.edu for more information.

The Rocky Mountain Teacher Education Collaborative (RMTEC) will present a poster session on their curriculum reform efforts for prospective secondary teachers. RMTEC is an NSF-funded project involving mathematics educators at CSU, UNC and Metro. Presenters include Jim Loats (Metro), Jeff Farmer (UNC) and Darel Hardy (CSU).

Darel Hardy (CSU) and Carol Walker (New Mexico State University) will provide a demonstration of Scientific Workplace at the Publishers' Display. Scientific Workplace provides a free-form interface to a computer algebra system that is integrated with a scientific word processor, providing a highly productive environment for faculty production of classroom materials, and an opportunity for students to use natural mathematical notation to talk with a computer algebra system.
