Hi-

Oops. I sent Jane heckler the other form, but did not do this one. Sorry. I have filled it in as best as I can. Tell Jane that I will send back to her the yellow sheet with the material presented in a better form.

See you in San Antonio.

> We are still trying to get the liaison program up and running. We have quite a few schools with liaisons, but not a majority yet. Both Shahar Boneh and Janet Barnett are working on this.

> 9. Please describe any aspect of the meeting that was particularly successful or noteworthy.

 An excellent turnout. This was due to our having the meeting be joint with the Colorado Mathematics Two-Year Colleges meeting. The central location of the meeting (in Denver) also added to the numbers attending. On Friday night there was a foot of snow. If there had been better weather, the Saturday session might have been even better attended.
