Articles for the Fall Newsletter

We all know how hectic the start of semester can be. Don't wait until August! Send in your articles and updates for Fall now. Short paragraphs are fine, photos are especially fun. I know lots of interesting things are happening in our section—share! Email your articles, comments, photos, or updates to the editor, Pam Peters, petersp@sanjuancollege.edu.

“Taking Three as the subject to reason about –
A convenient number to state –
We add Seven, and Ten, and then multiply out
By one Thousand diminished by Eight.
The result we proceed to divide, as you see,
By Nine Hundred and Ninety Two:
Then subtract Seventeen, and the answer must be
Exactly and perfectly true.” —Charles Dodson
